**2018 CAPITAL REGIONAL DEVELOPMENT COUNCIL
BROWNFIELD REMEDIATION AND CLEAN-UP LOAN
FUNDS**

CRDC manages a US Environmental Protection Agency funded Brownfields Revolving Loan Fund (RLF). CRDC provides loans to businesses, non-profits and municipalities for eligible sites located *throughout* NEW HAMPSHIRE to support clean-up activities of environmentally damaged (hazardous materials) sites that are suitable for redevelopment. Sites contaminated with petroleum based materials are not eligible. All sites must be pre-approved by the US EPA prior to participation.

LOANS

Maximum Loan Amount:	Up to \$500,000
Matching Requirement:	Site assessment & remediation planning costs. Minimum of 20 percent of approved clean-up costs.
Eligible Borrowers:	Private property owners, developers & businesses, municipalities, not for profit corporations.
Site Ownership:	Eligible Borrowers must provide copy of relevant deed(s) evidencing ownership interests in site and must retain such ownership throughout the period of performance of the loan; Borrower must obtain prior written approval from EPA for site not owned in Fee Simple (100% absolute ownership) by Borrower.
Eligible Use of Funds:	Work associated with site clean-up including: installation of security controls; drainage controls; capping of contaminated soils; using materials to retard the spread of contaminants; excavation, consolidation or removal of contaminated soils; removal of drums, barrel, tanks or other bulk containers.

- Minimum Standards: The site must have a completed environmental assessment report that characterizes the type of contamination, the location and extent of the contamination, a proposed remediation strategy and budget. The funding of the assessment is not an eligible use of RLF funds. (Phase I & II reports cannot be older than six months.)
- Terms: CRDC will be very flexible when structuring loan terms to accommodate bringing the project to sustainability including interest only during the first several years after remediation to permit the proposed new use reach financial sustainability. The interest rate can also be very low based on total project impact.
- Selection Criteria: The RLF is designed to maximize the redevelopment potential of a contaminated site. The impact of the proposed project on the following will be evaluated to award loans and grants:
- a) Number of new jobs and proposed businesses on the site.
 - b) Proposed capital investment and property tax base increase.
 - c) Size of site & size of proposed new buildings.
 - d) Impact on neighborhood and project timing.
